A pre-final year B.Tech Computer Science Engineering student at NIT SILCHAR with excellent academic record. Well versed in Data Structure and loves to do Competitive Coding. Android Development enthusiastic. A keen inclination towards latest technology. Apart from academics, I also possess good management and interpersonal skill, I have been active in organizing various events in my college which helps me to interact with more people and build a better connection. I believe in optimism and smart work. I love to learn new things.
